Bench Desking.

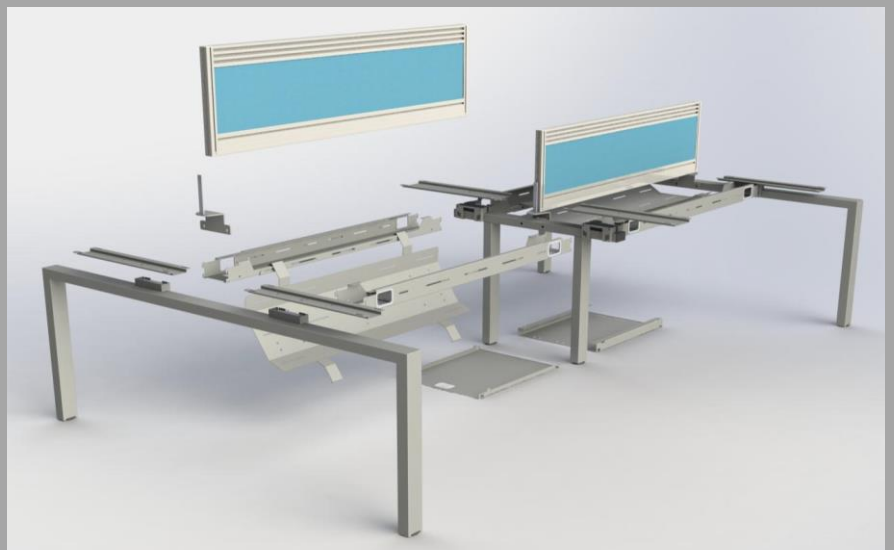

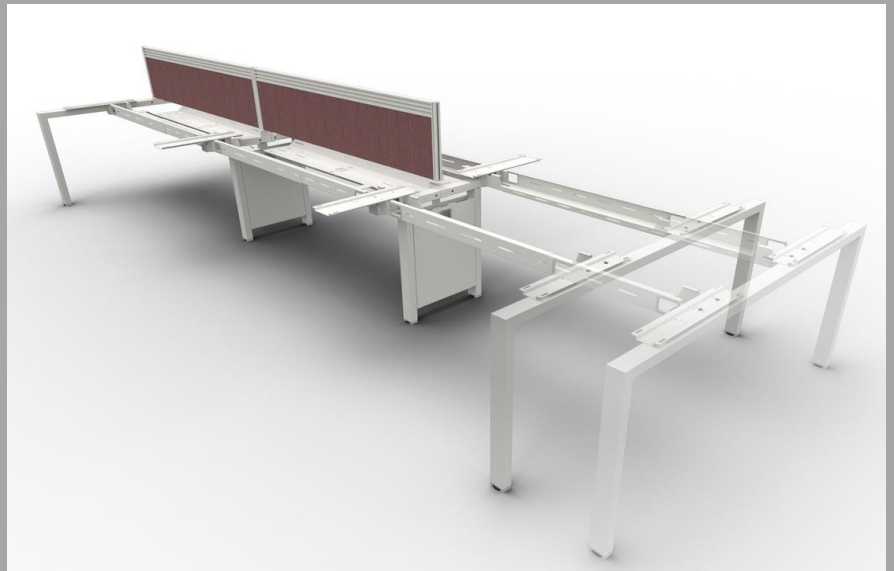

Telescopic Bench.

Our Telescopic Bench Desking is a stylish solution for the busy modern office. It is extremely flexible where numbers can be increased or decreased with little or no fuss.

Bench is space efficient, cost effective, and it's clean, uncluttered lines are currently in vogue.

A limited amount of cables can be run along the beam meaning extra cable trays may not be required.

Offering a great choice of leg colours - White, Silver, Black and our new Raw finish.

Specifications.

- * 15mm Floating Gap
- * 60mm x 40mm Tube Profile
- * The beams on our bench desking are able to carry a limited amount of cables
- * Cable ports can be fitted instead of scallops - please specify when ordering

To compliment this range, we also offer a large selection of desk screens, including fabric screens with an aluminium extrusion that matches the legs of our Bench system (excluding Raw) and acrylic glazed screens in a choice of colours.

Goal Post Bench - Back to Back

New

The newest addition to our extensive Bench Desking range is the excellent new Electric height adjustable insert kit for existing bench desking without the need to replace legs or desk tops.

Utilising the existing frame of the bench desk, the telescopic beam is replaced by the insert kit, allowing height adjustment from 740mm - 1390mm at the touch of a button. Whilst retaining the use of cable trays and screens.

For D600mm and D800mm Tops only.

Classic Desking.

Greet Desk

Our panel end desking offers a classical, executive appearance, giving a premium feel within the office environment. We offer a vast range of configurations meeting the demands of a modern busy office environment with single desks, radial workstations and stylish telesales desks.

We also offer an updated version of the panel end desk which has full modesty panels and a floating top bringing the traditional panel end desk into modern times.

Our traditional cantilever range of desking is supported by a fully welded, double upright, silver cantilever leg frame, designed and engineered to offer a robust and durable solution, whilst still offering a stylish flexible appearance which will enhance your office for many years to come.

Height Adjustable Desking.

There was a time when sit-stand desks were a curiosity seldom seen inside a regular office setting . That has now changed, in large part due to reasearch showing that the cumulative impact of sitting down all day for years is associated with a range of health problems, from obesity to cancer.

Sit-stand desks increase focus, alertness and activity levels. These all support each other. When standing it is easier to release restless energy. Combine that with good circulation, stable blood sugar and an active metabolism and it is easier to focus on the task in hand.

Storage Solutions.

A range of Storage solutions to maximise use of the workplace. A range of pedestals, bookcases, cupboards and filing cabinets to compliment our desking ranges.

All storage and pedestals have solid 18mm back and 25mm tops unless otherwise stated.

All shelves are 25mm thick and locks fitted with snap over key fob.

Heavy duty ball bearing runners are fitted on all drawers and filers and pedestals are fitted with anti-tilt .

Tables.

If you're looking for a high quality boardroom table at an affordable price, we have everything you might need. Our vast selection of boardroom and meeting tables are ideal for a variety of workplaces, including offices, schools, hotels or anywhere else with a meeting or conference room.

You can choose from small circular meeting tables, perfect for intimate meetings, or more sizeable rectangular tables, ideal for meetings with a larger number of people. Our products also come in a range of styles and finishes, so you can choose a table that fits with your offices decor.

Splinta Connekt Meeting Tables

SPLINTA CONNEKT is a modular meeting/boardroom table system. Consisting of real oak Splinta legs and a series of connecting rails to construct a rigid, highly stable underframe. The slimline profile of the connecting rails increase knee space around the entire perimeter of the table and cleverly designed intermediate legs provide support on long spans and assist when splicing together multiple table tops for large configurations.

Picnic

The PICNIC platform is a robust and sturdy system designed with 40mm x 40mm tube profile around the spigot method of assembly. The Seat ranges from 1000 to 2000mm in width at 350mm deep. The Table ranges from 1200 to 2200mm in width and 800mm deep. The Poseur legs unique triangulation design creates lateral stability and allows you to build tables that range from 1200 to 2200mm in width and 800mm deep.

Introducing an intermediate leg to the Table or Poseur range extends the possibilities to build longer configurations where the overall length can be infinite. The Poseur with intermediate leg uses an additional triangulation support to achieve great stability. POA.

Receptions.

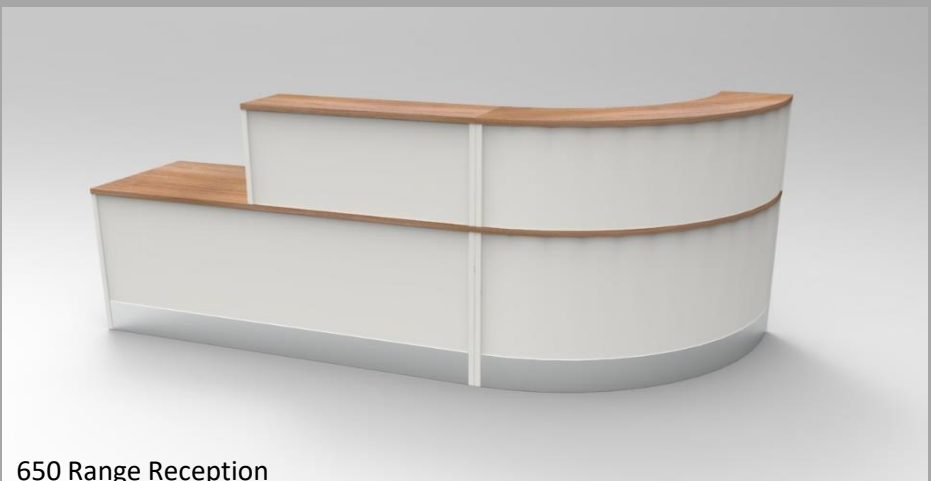

This extensive and adaptable range of reception furniture incorporates internal/external curves and desk over units to suit any office space large or small. Our modular reception units can be configured to create a range of shapes and sizes to suit any office space.

Our 650 range is the perfect solution for the smaller office.

Our 800 Range meets the needs of the top end of the reception counter market and offers a design allowing the fitting of lighting under the pelmets. All counters are 800mm deep and offers wheelchair access on selected items.

Residential Furniture.

Our range of Residential Furniture offers a high quality, durable and flexible range of furniture suitable for schools, colleges, universities, care homes and even the home environment.

This range is constructed entirely from 18mm MFC, including backs and drawer boxes, and fitted with smooth ball bearing runners.

The durability of this range makes it perfect for any setting.

Mixing colours of the carcass, doors and drawer fronts creates a contemporary and stylish look without compromising on quality.

Terms and Conditions.

Guarantee

All Products in this price list have a 5-year guarantee for furniture in normal 8-hour office use. Where furniture is used on a continuous 24-hour basis a 12-month guarantee is provided.

Note: KD Height adjustable desk frames have a 2 year guarantee.

These guarantees do not cover fair wear & tear or misuse/mistreatment of our furniture.

Dimensions and Specifications

The utmost care is taken to ensure the accuracy of dimensions.

Please note that dimensions should be considered to be approximate and that Aaron (UK) Ltd cannot be held responsible for any errors or omissions.

Aaron (UK) Ltd reserves the right to change dimensions and design without notification

Lead Times

Aaron will at all times endeavor to deliver to estimated lead times.

However the lead-time is an estimate and under no circumstances will Aaron be liable for loss due to delayed deliveries

Bespoke Furniture

Approximately 3-6 weeks from receipt of order unless otherwise advised.

Many thanks to our dealers who have supplied us with images shown in this price list

Bespoke.

We understand that our standard office furniture range will not always fulfill your needs and often a bespoke product is the only solution. We are able to offer greater flexibility to meet your needs, a service many other suppliers do not provide. Whether it's a bespoke sized desk, a narrow bookcase or a floor to ceiling storage unit, we can manufacture it to your specification.

Bespoke.

The South's Leading
Manufacturer of Office Furniture
